 [REDACTED]. My address is 608 S. Highland. My phone #
 is [REDACTED]. Today I was watching the children &
 DR Vas daughter Isis. My wife had left with 2 of
 my children to do some shopping. I got the kids feed
 & Isis wasn't eating very well. She was choking & gagging
 trying to drink from a bottle. She was spitting up most of
 what she was drinking so I mix some decongestant with some
 grape juice & she drank this pretty well. I mix up some
 formula but she didn't drink that very well so I then gave
 her some grape juice & she drank about 1oz. So I decide
 to give her a bath when I took off her nightie in the
 crib I notice a spot. I took her diaper off & notice some
 more strange color spots on the diaper. I cleaned her
 up real well with the baby wipes. I cleaned her ~~real~~
 creases & the private area real well. I went to the kitchen
 to put the diaper in the trash bin. I got a diaper & left her in the crib. I cleaned the
 kitchen & was gone 10 minutes. I checked on the other kids.
 I went back to Isis; I picked her up & notice she was
 real limp & I notice her eyes were dilated. I laid her down.
 I shook her to get a response. I shook her legs no response
 I picked her up & slapped her cheeks to try & get her to
 respond. I took her to the bath tub to run some water on
 her to try & startle a response. Nothing happen. I was walking

back to the bedroom + shook her some more + still no
 response. Set her on the bed + notice ^{her} stomach was
 bloated. I put my ear to her chest + her heart rate was
 very fast. I ^{couldn't} see any breath so I started CPR.
 I blew in her ^{mouth} + saw her belly rise. I pushed
 on her stomach + some air + mucus came out of her
 mouth + nose. I went ^{with} the sucker to clear the airway
 she was any better so I tried to clear her nose + mouth.
 I blew in her mouth. I tilted her head back + listen +
 no air was coming out. I blew again + her belly just
 swelled. I pushed down again + got air out of her
